Grant of land to Municipal Commissioners

File No of 193 | General and Revenue Secretariat.

While the application of Mr Sajjan Rao was for the free grant of land, the City Improvement Committee recommend that permission may be granted to build a dispensary on the land. The recommendation of the Committee meets the case, as it is the intention of Mr Sajjan Rao to hand over the building free to the Municipal Council There is no need therefore to sanction the free grant of land as now recommended by the Municipal Council. A letter will be written to the Municipal ~~Council~~ Commissioner saying there is no objection to Mr Sajjan Rao putting up the building on ~~the~~ municipal land and handing it over to the Municipal Council as soon as the building is completed.

City Municipality, Bangalore.

Sir,

I write to state that an allopathic dispensary is a great necessity for the residents of Visveswarapuram, Kalasipalyam Shankarapuram and a portion of Mavalli and Basavanagudi also and with this in view I have thought of putting up a structure for a dispensary in the Sajjan Rao Place, Visveswarapuram, at my own cost as per plan enclosed in the triangular plot of Municipal land, now used as a Jutka stand. After the building is completed I shall hand it over for further maintenance, to the Municipality. I therefore request you to kindly obtain necessary sanction for the grant of the land to me free of cost, as the building I am going to erect on it is for a charitable purpose.

Thanking you in anticipation.

Yours faithfully,

Sd S. Sajjana Rao

Subject. No. 2.

Opinion of the City Improvement Committee, dated 19-4-1939 that Mr. S. Sajjan Rao may be granted the triangular bit of land now used as Jutka stand, for puttting up a dispensary building

---

Mr. Venkataswami moved the opinion of the City Improvement - Committee and Mr. D Venkatarayanappa seconded.

Mr. B.I Byanna observed that there were other subjects which had been referred to the City Improvement Committee, but which had not yet been disposed of and that there was no need for such a mortal hurry in considering this subject and that it was not good to have such distinctions made between subje t and subject.

The President observed that no such distinctio had been made, that the question of Marappa's layout referred to by Mr. B.L. Byanna had passed through the City Improvement Committee and Council, and disposed of finally, but that the party has again applied for - decreasing the width of the road in the sanctioned layout and that the fresh application was before the City Improvement Committee which may come off during the course of the week He observed that while the matter on hand was the free gift of a building to the Municipality for a municipal purpose, the question referred to by Mr B I Byanna was entirely of a single individual for private gain.

Dr Ro an also supported the City Improvement Committee opinion and observed that Mr S Sajjan Rao should be thanked for his offer

Mr B Abdur Rahmon also supported the original proposition and said that the donor may be thanked for his offer and that as this would oust the jutka people from stopping there, they may be provided with a stand elsewhere.

The President informed Mr B Abdur Rahmon that the Commissioner had selected a more spacious place for jutkas to stand

Then the proposition of the City Improvement Committee was put to vote and passed unanimously

The Dr Royan's proposition to thank the donor for his offer which was seconded by Mr B.I Byanna was put to vote and passed -
